Quality culture

By improving the **quality culture** in KAHO Sint-Lieven we want to achieve the following:

- All staff members feel themselves **responsible** for the quality and the improvement of quality;
- Everybody is willing to **continuously improve** the quality;
- **Quality issues** are indicated and solved;
- Creating an open atmosphere and trust between staff members so they dare to recognise weaknesses;
- **Problems** are transferred to **opportunities**;
- **Spontaneous initiatives** are being encouraged;
- Managerial staff tries to coach and guide rather than planning and supervising.
